

# BOROLIFE PHYSICAL THERAPY & WELLNESS

PHYSICAL THERAPY, THE BOROLIFE WAY.

Private • Concierge-style • One-on-one • Same Therapist. Every Visit.

|                                                                                         |              |                                           |
|-----------------------------------------------------------------------------------------|--------------|-------------------------------------------|
| <b>NEW PATIENT RATE</b><br>45–60 minute private visit                                   | <b>\$150</b> | <b>IN-CLINIC OR IN-HOME</b><br>Same rate. |
| <b>HSA/FSA ACCEPTED</b> Use your HSA or FSA card to pay for eligible BoroLife services. |              |                                           |

## WHY BOROLIFE?

|                                                                                                                                                                          |                                                                                                                                                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SAME THERAPIST. EVERY VISIT.</b><br>You always work directly with Dr. Kellye Cunningham, PT, DPT. You don't have to repeat your story or start over with someone new. | <b>PRIVATE &amp; CONCIERGE-STYLE.</b><br>A quieter, cleaner, more comfortable experience designed around you, your goals, and your lifestyle.     |
| <b>WHOLE-BODY CARE.</b><br>We can look beyond the area that hurts and address strength, balance, mobility, movement, and function.                                       | <b>WELLNESS + PREVENTION.</b><br>You don't have to wait until you're injured. BoroLife can help you stay strong, active, mobile, and independent. |

## TRANSPARENT PRICING

**\$150 NEW PATIENT RATE • 45–60 MINUTES • IN-CLINIC OR IN-HOME — SAME RATE**

Traditional outpatient physical therapy **can cost \$200–\$300+ per visit**, depending on the setting and services.

| <b>BOROLIFE</b>                                           | <b>TRADITIONAL INSURANCE-BASED CARE</b>                                                                       |
|-----------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>\$150 upfront</b><br>Transparent, predictable pricing. | Your final out-of-pocket cost may vary based on the provider's charge and your individual insurance benefits. |

### KNOW YOUR COST BEFORE YOU START.

Know what your visit costs before you walk through the door.

## CAN I USE MY INSURANCE?

**Possibly!** Depending on your individual plan, you may have **out-of-network physical therapy benefits** that could reimburse part of your BoroLife payment.

|                                       |                                               |                                          |
|---------------------------------------|-----------------------------------------------|------------------------------------------|
| <b>\$150</b><br><b>BoroLife visit</b> | <b>– \$80</b><br><b>Example reimbursement</b> | <b>\$70</b><br><b>Potential net cost</b> |
|---------------------------------------|-----------------------------------------------|------------------------------------------|

*Example assumes a \$100 allowed amount and 80% reimbursement after the deductible is met. Actual benefits and reimbursement vary by plan and are not guaranteed.*

## WHAT SHOULD I ASK MY INSURANCE COMPANY?

**Call the member-services number on the back of your insurance card and ask:**

“Do I have **OUT-OF-NETWORK** physical therapy benefits?”

**Also ask:** What is my out-of-network deductible? Has it been met? What percentage is reimbursed? What is the allowed amount? Is there a visit limit? Do I need a referral or prior authorization?

**TIP:** Ask specifically about **OUT-OF-NETWORK** benefits—not just your general physical therapy benefits.

BoroLife can provide an **itemized superbill** for possible submission to your insurer. **Reimbursement is not guaranteed.**

**YOU DON'T HAVE TO WAIT UNTIL SOMETHING HURTS.**

Invest in how you move, feel, and function.
